

YOU WANT

Well-fitting clothes, certainly. There are two sure ways to get them.

One is, pay the best custom tailor in town \$75 or \$100 for a suit or overcoat; nothing makes clothes fit like paying \$75 or \$100 for 'em.

The other way is to buy clothes with H. S. & M. in them; pay \$18 to \$30; if they don't fit you get your money back. You know the place.

THE BEE HIVE

Portland On Verge

Of One of the Greatest Strikes of the Northwest---Building Trades Council Will Call Out All Members.

As a Result of Two Hundred and Fifty Workmen Going Out Yesterday the Master Painters' Association Have Decided to Advertise Throughout the Whole Northwest for Nonunion Men to Take Their Places.

Portland, April 4.—(Special to The Astorian)—As a result of a strike of 250 union painters today for higher wages, the master painters association tonight decided to advertise throughout the northwest for nonunion painters.

The building trades council says if nonunion painters are put to work they will call out all members and probably 2500 men will be involved.

Portland, April 6.—Over 200 painters are on a strike today. About 15 or 20 independent contractors have signed the agreement to pay the union scale of \$3.50 according to the statement of Charles Ward of the Painters' union. All of the contractors belonging to the Master Painters' association are solid in refusing to pay the increase asked by the union.

Both the painters and carpenters disclaim any such thing as a general strike, saying that it is impossible, but the fact remains that every union in the Building Trades council will be forced to quit any job or contract declared unfair by the Painters' union. It is a well-known fact that a good many contractors belonging to the Master Painters' association have contracts on some of the large buildings now in course of construction, and if any of these men put to work at less than the union scale or before signing an agreement with the union, the whole building will be declared unfair, and every building trade employed upon that building, including the carpenters, plasterers, cement workers, lathers, bricklayers, etc., will be called out, thus completely tying up the building.

Parkhurst on Negro Servitude

New York, April 6.—The Rev. Chas. H. Parkhurst in his sermon yesterday touched upon one phase of the negro question. Compulsory obedience, he said, is not the ideal form, but ideal obedience has to be reached through a preliminary stage of compulsion. Continuing he said:

"It is well for the negroes in the south, that not being competent to be a law for themselves, they had masters that were a law to them."

"They ought to be thankful, on the whole, that the institution existed, and such of them as yet are not drawn under any other system of governance would be better off if the institution still existed."

"It was slavery, to be sure, and as such was inhuman and grinding, but slavery in its essence is only another name for subjection to mastery that is purely external mastery; and until a man can master himself he is exceedingly unfortunate not to have some sort of a slave master to master him."

Preacher Scores Rev. Dr. Funk

New York, April 6.—Before his congregation in the First Baptist church, according to the World, last night, Rev. Dr. Isaac M. Haldeman attacked the Rev. Dr. Isaac N. Funk, who recently told of having talked with the spirit of Henry Ward Beecher through a medium's agency.

"No matter how godly the man," said Dr. Haldeman, "I say that any minister of the gospel or any Christian man who says that he has seen and talked with through a spiritualist lies. Only evil

Anti-Childless Club Formed

New York, April 6.—An anti-race suicide club has been formed by students of Columbia university, eligibility for membership in which may be summed up thus:

If you are single you agree to marry as soon as your income will allow and your family must not number less than five; if you are married you agree to stay married even unto the third or fourth wife, and the same family requirements prevail. It is said the son of President Palma was one of the first members of the club and that President Roosevelt is to be elected honorary vice-president.

Beuzettia was 12 years old. She was bred by Ed Ayres, a poor Kentucky farmer, who won \$21,450 first money in the Kentucky futurity in 1894 and then sold her to Peter Duryea and W. E. D. Stokes for \$17,500. She had produced three colts, two of which were by Patchen Wilkes and one by Axtellion, 2:15 1/4.

Edward's Visits Make Harmony

New York, April 6.—Immense significance is attached to the forthcoming visits of the king to Rome and Paris, says the London correspondent of the Tribune. One paper goes so far as to declare that the king's tour spells annihilation of the German emperor's ambitious schemes of Germany could never dream of risking a quarrel either with England or America unless the connivance of Italy and the neutrality of France were secure.

SHAKES HANDS WITH MASSES

MANY SPEECHES IN ONE DAY

Tariff and Good Citizenship—Expresses Pleasure At Large Number of Children.

Aberdeen, S. D., April 6.—President Roosevelt today traversed South Dakota and made more speeches than he has on any other day during the trip. He began with two speeches at Sioux Falls this morning and ended his 12th speech at Aberdeen this evening. The speeches were confined for the most part to the tariff and general prosperity of the country. In all his speeches today he followed closely the lines of his former addresses on these subjects. The president was accorded a cordial welcome at the different stopping places and at many places where the train did not stop crowds gathered and cheered the special as it sped by. One feature of the day was the large number of children in the various audiences, and the president referred to them several times, saying that he was glad to see that the stock was not dying out.

The president had as guests during the day Senators Kittredge and Gamble and Representatives Martin and Burke, the South Dakota delegation to congress.

At Tulare the president departed from usual customs and descending from his car shook hands with the people gathered at the station. Yankton was the first stop after the train left Sioux Falls.

To a multitude at Yankton the president spoke on the tariff and the qualities of good citizenship.

At Mitchell the president made the longest speech of the day. His audience was large and his speech was frequently interrupted by applause. Here he discussed the work of individuals and the important part they played in the building up of the nation. Other stops of the day were made at Woonsocket, Scotland, Tripp, Parkston, Alton and Redfield. There is a possibility of the president spending a day in Deadwood. He made a conditional promise to Captain S. Bullock.

The president is scheduled to arrive in Fargo, N. D., tomorrow morning. At Fargo the president will deliver one of the longest speeches of his tour. He will spend tomorrow in North Dakota and will enter Yellowstone park Wednesday afternoon.

Leader Predicts Industrial War

Chicago, April 6.—Frank Buchanan, who is to lead the bridge and iron workers in their struggle with the United States Steel corporation, predicted a general labor war throughout the country in an address made last night before the Chicago Federation of Labor. "I hope and expect that labor organizations of the country will soon concentrate an open war against the rapidly growing combinations of capital," he said. "The American Bridge company is trying to break up our national union. From press reports builders of iron and steel work have formed an organization to rectify certain evils. What these evils are I do not know, unless they consist of demands for higher pay and better working conditions."

"The struggle we are waging against the bridge company is likely to spread. It is possible we will call out all our men on construction work, and if we are forced to do so then we will tie up the industry and force an enormous number of men out of work."

Mr. Buchanan is in Chicago to look after the western end of the strike and will return to New York within a few days, for the general strike will be managed from that city.

CUT OUT DEAD LANGUAGES

New Haven, Conn., April 6.—Hereafter all four years of the college course are to be elective in character. By a new rule eight courses will be opened to the freshmen and this rule will make it possible for a freshman to drop Greek, Latin and mathematics on his entrance to college. It will also lead to dropping of Greek from the examinations for admission to Yale. Yale began changing from required to elective courses about 18 years ago,

when the seniors were given practically all optional work. The junior studies were made optional six years later. Sophomore and freshmen work remained required until President Hadley was elected, when the sophomores were allowed electives.

Tom Johnson Gets There

JOHN BROWN'S COTTAGE

Chicago, April 6.—A dispatch to the Record-Herald from Tabor, Ia., says: The small cottage in which John Brown, the abolitionist, lived for several years in the early 50s and which was used as the headquarters of his "underground railroad," for the helping of runaway slaves, has been destroyed by fire. In connection with his headquarters in Tabor Brown organized a military school in which his sympathizers were taught the manual of arms, the knowledge to be used in an uprising which never occurred. The building was small and dilapidated.

COURT WILL NOT ENJOIN

Keene Loses In the Famous Suit Instituted Against President Harriman.

APPEAL WILL NOT BE MADE

Held That the Union Pacific Was Not An Actual Party to the Suit.

Cincinnati, April 6.—At 1 o'clock this afternoon Judge Lorton concluded the reading of his opinion in the suit making application to restrain the Union Pacific from voting its 900,000 shares in the Southern Pacific election, that has been set for April 8, and for other relief. The decision was a refusal to grant the injunction and to afford the relief asked. The opinion was against the contention of the plaintiff that the Union Pacific was a necessary or actual party to the suit, even though Chairman Harriman of the Union Pacific board of directors had made an affidavit in the case.

Senator Foraker, who represented the complainant, or minority stockholders, of the Southern Pacific, gave notice of an appeal to the United States court of appeals, and asked that, pending the hearing of this appeal the election of directors of the Southern Pacific, set for April 8, be stayed.
